*New York Times* and internationally bestselling author Eric Van Lustbader, dubbed the “master of the smart thriller” by bestselling author Nelson DeMille, returns with his latest heart-stopping thriller: **THE QUANTUM SOLUTION** (Forge Hardcover and eBook; On-sale: May 9, 2023). First introduced in *The Nemesis Manifesto*, the compelling heroine Evan Ryder is back, now working for the security arm of Parachute, a private company and the world’s leader in the application of quantum technology. In the past, Ryder has done lethal battle in the modern

global wars of power politics, extremist ideology, corrosive disinformation, and outrageous greed. But now she finds herself in a battle arena whose dangers, while less obvious, are greater than anything the world has seen before – the present and future war of weaponized quantum technology.

When an elite Russian scientist and the American Secretary of Defense die, at the same time half a world apart, of inexplicable sudden catastrophic brain damage, the world's intelligence services realize that the quantum war has truly begun. Ryder and her long-time partner, Ben Butler, will risk their lives to discover who the true combatants are, racing against the doomsday scenario of all-out war between America and Russia.

With **THE QUANTUM SOLUTION**, Eric Van Lustbader once again delivers a thought-provoking and prescient exploration of the political, ideological, and technological forces that are wreaking havoc on the stability of the world. Lustbader's research into the inner workings of US and Russian intelligence, as well as the very real possibilities of weaponizing quantum technology, inform the twisting narrative—while his skill with crafting fascinating characters, gripping action scenes, and brilliant depictions of international locales make for another winning thriller that fans won't be able to put down.

ERIC VAN LUSTBADER is the author of many *New York Times* bestselling thrillers, including *The Testament*, *First Daughter*, *Last Snow*, and *Blood Trust*. Lustbader was chosen by Robert Ludlum's estate to continue the Jason Bourne series. He and his wife live on the South Fork of Long Island. #### **More Praise for the Evan Ryder Series**

“This is a masterly performance by an author who's still fresh and original after a long career in a genre he helped define.”

—*Publishers Weekly* on *The Kobalt Dossier*

“Hypnotically suspenseful, rich with authentic spycraft, *The Nemesis Manifesto* by Eric Van Lustbader introduces a heroine of our times—Evan Ryder. She's deep undercover and as complex as she is exciting. ...Lustbader weaves a spellbinding web of memorable characters, cutting-edge technology, and powerful political ambitions that could become all too real. Sit back and enjoy. You're about to read a master at the top of a very dangerous game.”

—Gayle Lynds, *New York Times* bestselling author

“There are thrillers, then there are world-class, expertly-plotted, thought-provoking thrillers like *The Nemesis Manifesto*. Thriller authors are probably the hardest thriller readers to please.

Consider me thoroughly blown away.”

—Raymond Khoury, *New York Times* bestselling author

“★ [An] outstanding series launch...Credible action and often lyrical prose support the complex, intelligent plot. A series of twists and an extended fight sequence at the end will leave readers amazed and pleasantly exhausted.

Lustbader is at the top of his game.”

—*Publishers Weekly*, starred review of *The Nemesis Manifesto*
